Schertz, TX 78154
210-447-3750

2022 Overall Accountability System

As part of Senate Bill (SB) 1365, all districts and campuses will receive a label of A, B, C, or Not Rated: Senate Bill 1365 for 2022. Raw and scaled scores for overall and each domain will be published. Any domain or overall scaled score less than 70 will receive the Not Rated: Senate Bill 1365 label. The overall design of the accountability system will remain unchanged from 2021.

Accountability Rating Labels

Districts, open-enrollment charter schools, and campuses will receive a label of A, B, C, or Not Rated: Senate Bill 1365.

Student Achievement Domain

The College, Career, and Military Readiness (CCMR) component will add the new version of the Texas Success Initiative assessment (TSIA2) as a means to meet Texas Success Initiative criteria.

School Progress Domain

The Academic Growth calculation will return for 2022 accountability. Districts and campuses will receive credit for STAAR results in English language arts/reading and mathematics that either meet the studentlevel criteria on the STAAR progress measure or maintain performance (2022 compared to 2021). The methodology will be unchanged from the 2020 Accountability Manual except for the removal of small numbers analysis.

School Progress, Part B: Relative Performance will be unchanged except for the removal of small numbers analysis.

Closing the Gaps Domain

Academic Growth

The Academic Growth component will return in 2022. The methodology will be unchanged except for the removal of small numbers analysis.

Participation Rate

As part of the federal 1 percent alternate assessment waiver, TEA requested to only report reading and mathematics assessment participation rates for districts and campuses for 2022.

CCMR

The CCMR component will be updated to include TSIA2 as described above.

English Language Proficiency (ELP)

The ELP methodology will be updated to account for the impact of COVID on 2021 and 2020 TELPAS administrations.

- A student is considered having made progress if the student advances by at least one score of the composite rating from the prior year to the current year, or the student's 2022 result is Advanced High or Basic Fluency.

Distinction Designation Labels

Distinction Earned, No Distinction Earned, Not Eligible

The district/campus is rated A, B, C, or D and meets the criteria for the distinction designation. This is noted with an 'X' under the distinction category. If the field is blank the district/campus is either rated F or does not meet the criteria for the distinction designation or the district or campus does not have results to evaluate for the distinction designation, is not rated, is evaluated by alternative education accountability (AEA) provisions, or is a campus paired with a feeder campus for accountability evaluation.
